Re: Recommendation for Future Work

To: Geoff Wilkinson

I would like to commend George T Wilkinson, Inc. for an outstanding job on Starbucks Shell and Burlington Coat Chelsea Projects. In my experience, Wilkinson has proven to be an excellent plumbing / mechanical contractor.

On these projects, I worked closely with the Project Manager who led the project's plumbing trade efficiently and without issues. Submittals were produced quickly and completely, changes were priced competitively and executed quickly, and requisitions were produced on time and without revision. From manpower to materials, the schedule was managed effectively throughout the project and as a result the project was delivered on time and within budget. George T Wilkinson, Inc. brought a teamwork mentality to the jobsite and proactively sought prompt and effective solutions to jobsite issues. The mechanics onsite worked safely and produced quality work with a minimal punch list.

In closing, I am confident that given the opportunity, George T Wilkinson, Inc. will be a valuable addition to any project team.

Thank you,

Angel Karagyozov
Project Manager
